Prayer Warriors

Summer 2017

Family Unity

Pray that there is no fighting and violence among families and that God's presence dwells in their homes.

Pray for the children's grandparents who often take care of them while their parents go to work. Pray for them to be healthy, strong and that they will set a Godly example for their grandchildren.

Pray for families that are mourning the recent loss of their loved ones. Pray for God's comfort and peace to be with them.

Health & Wellness

Pray for parents who struggle with drug and alcohol addictions. Pray that, with God's help, they can overcome this problem and be good role models and caregivers for their children.

Pray for two children in our Education Program who have been acutely ill; Jefferson whose recovery from an appendectomy has taken longer than expected and Yadali, who was infected with a serious bacteria. Pray that God will strengthen their bodies and that they are encouraged to work hard to catch up in school.

Protection

Pray for protection in the communities we work in where violence and crime are common and a potential risk for children, their families and our staff.

Pray for protection for the children from abuse in all of its forms. Pray that they are surrounded by loving parents, family members and friends who will care for them and provide a safe environment where they can thrive.

Provision and Work

Pray for job provision for the parents of the children from our Education Program. Pray that they can find safe and steady work to provide adequately for their families.

Pray for the businesses of the local micro entrepreneurs, that they may flourish and be a blessing to their communities.

**Look to the LORD and his
strength; seek his face always.**

1 Corinthians 16:11
